

Influenza

SURVEILLANCE REPORT

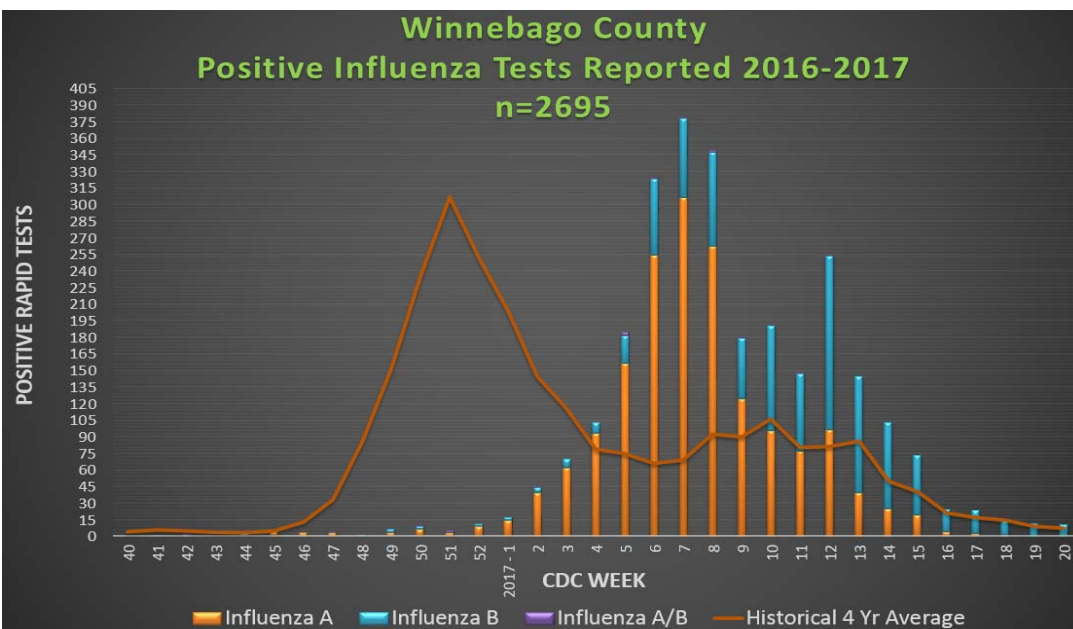

CDC Week 20: Week Ending Saturday, May 20, 2017

Vaccination is the best way to protect against influenza infection.
 All Winnebago County residents aged six months and older should be vaccinated annually.

Weekly Influenza Activity Summary: This week's surveillance activities reports 10 cases of influenza in the County as detailed in this report. Influenza surveillance for Winnebago County involves the weekly collection of data from surveillance partners including hospitals, physicians, clinics, long term care (LTC) facilities and laboratories. Thank you to all of the surveillance partners for their help in collecting this information.

Total Number of Influenza Cases for the Reporting Week By Age Distribution			
Age Range	Influenza A	Influenza B	Influenza A&B
0-4	0	1	0
5-17	0	4	0
18-64	0	4	0
65+	0	1	0
TOTALS	0	10	0

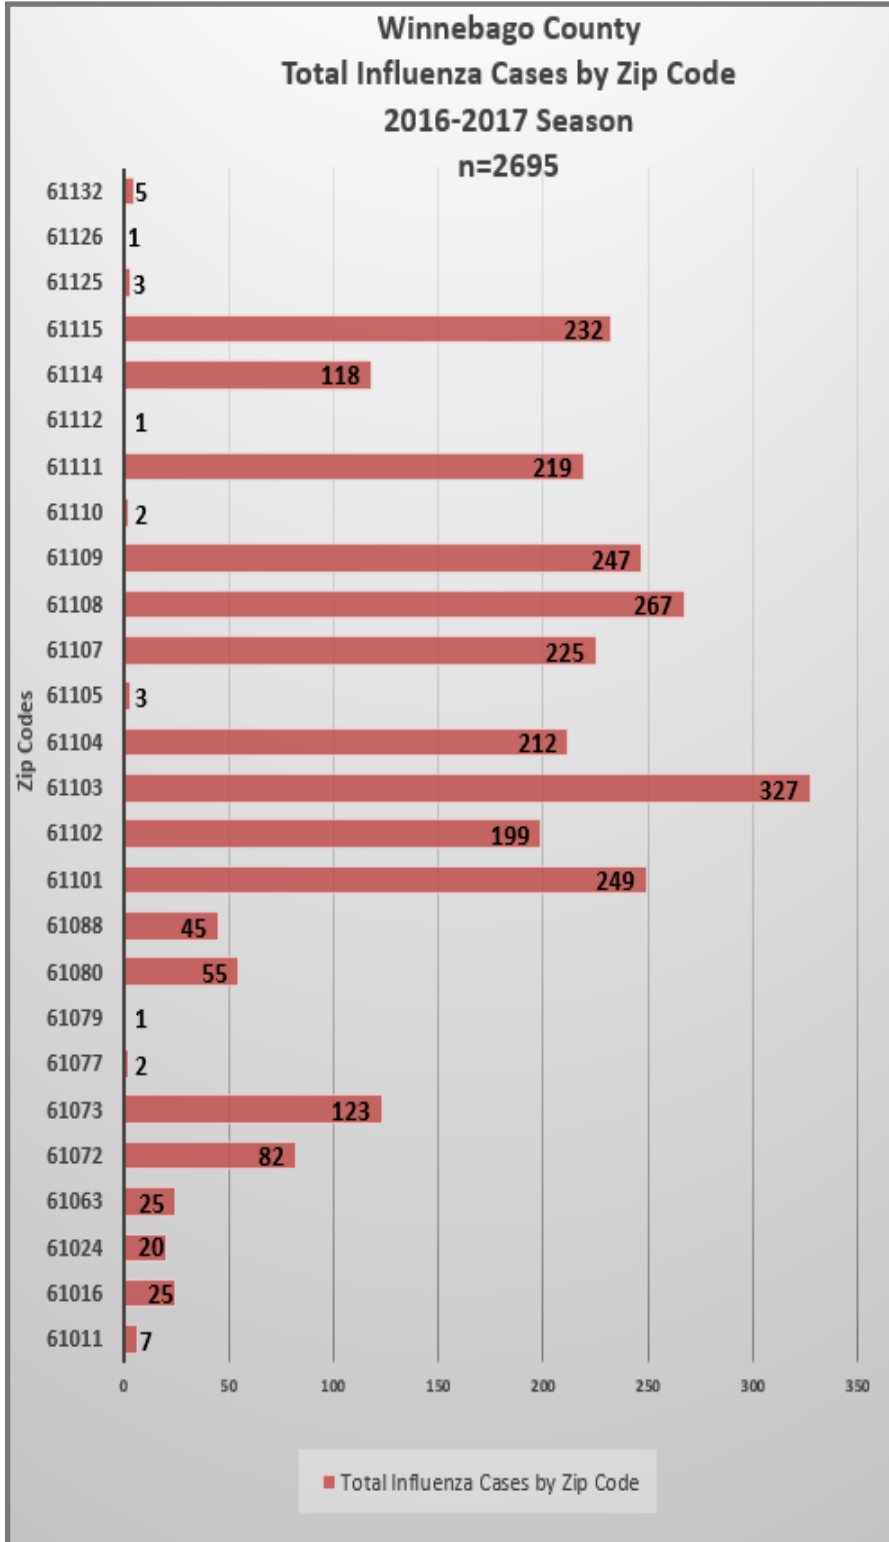

← Figure 1: Illustrates the total number of cases reported during the current Influenza Surveillance Period. The four year historical average for the County is noted by the orange line on the graph.

Note: Additional cases of influenza were reported during the current week whose results were not previously reported in prior weeks.

Influenza Surveillance Data Geographic Breakdown

Geographic Breakdown of Positive Influenza Tests in the County: The Health Department uses surveillance data to monitor positive influenza tests throughout the County by zip codes.

Total Number of Influenza Cases for the Reporting Week 20 By Zip Code			
Zip Code	Influenza A	Influenza B	Influenza A&B
61101	0	2	0
61103	0	2	0
61107	0	1	0
61109	0	1	0
61111	0	1	0
61115	0	3	0
Totals for the Week	0	10	0

Influenza Surveillance Data

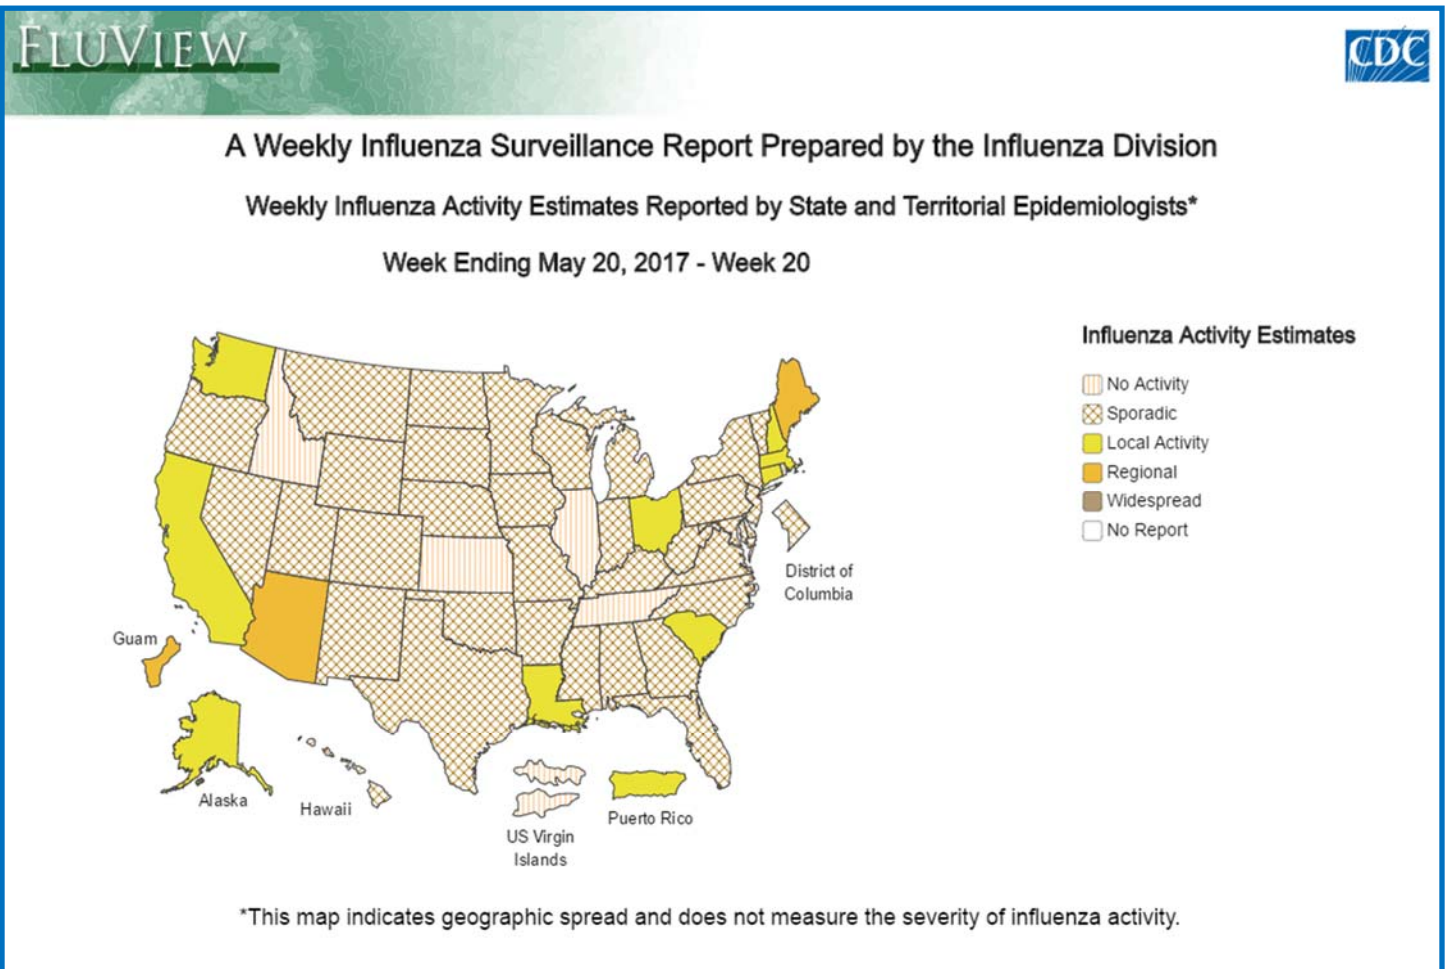

LTC Outbreaks & Flu View

Influenza Outbreak Activity in Long Term Care Facility:

The Health Department uses surveillance data to monitor influenza outbreaks in long term care facilities as part of the community's current activity with influenza. An outbreak is defined as two or more cases of ILI occurring within 72 hours among residents of a facility. **There are no outbreaks reported for this week.**

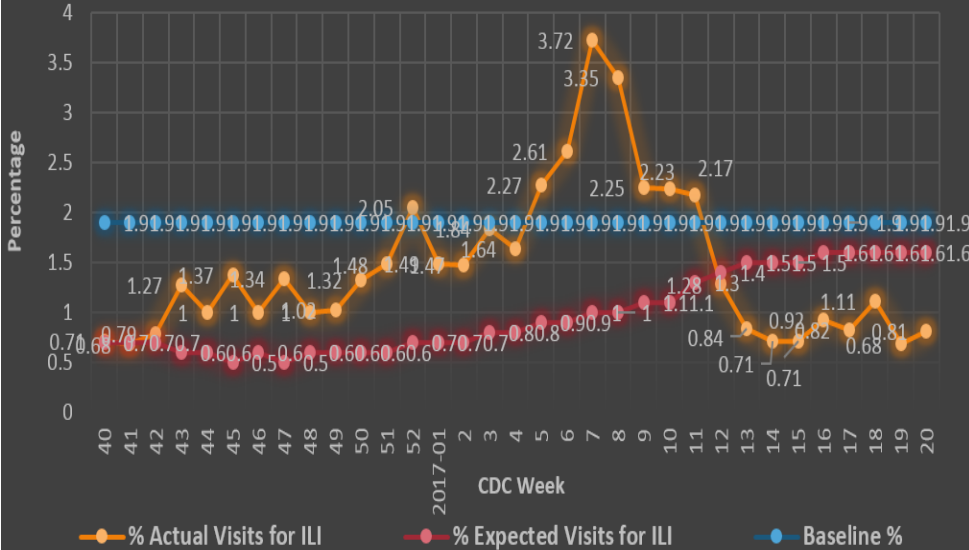

CDC Week Number	Outbreak Record #	Number of Residents with ILI Symptoms	Influenza Tests Completed	Number of Positive Tests	Vaccination Rate of Residents Tested	Number of Staff with ILI Symptoms
20	0	0	0	0	0	0
